REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The limitation "arranged over the inspection terminal" has been interpreted by the examiner as to be consistent with the specification and the drawings as "arranged so as to cover the inspection terminal". Also, see Webster's II New Riverside University Dictionary.

The prior art cited of record do *not* disclose or suggest the features "a peripheral region which surrounds the pixel region, and an inspection terminal is formed on the peripheral region, and a semiconductor chip for driving the liquid crystal is *arranged over the inspection terminal* such that the semiconductor chip is electrically insulated from the inspection terminal" (claim 1) or "a peripheral region which surrounds the pixel region, three drain-line inspection terminals and four gate-line inspection terminals are arranged in the peripheral region, and a semiconductor chip is *arranged over the three drain-line inspection terminals and the four gate-line inspection terminals*" (claim 4).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
